PLACES HIT: MULLALOO, KOONDOOLA, FREMANTLE, GIRRAWHEEN.

Mullaloo is probably my all time favorite. The area we performed in (MULLALOO PRIMARY SCHOOL) happened to be my favorite practice area during the week. About 200 kids packed the covered canteen area to watch us. It was the show I practiced for the most. A great crowd response! When the kids came up to us for our autographs, it was overwhelming!

"HAVING 50 KIDS ASK FOR YOUR AUTOGRAPH IS THE MOST RADDEST THING IN LIFE" GEORG.

Koondoola was the next show lined up for the FREESTYLE NOW TRICK TEAM. The area for the show was nice. It was smooth as glass yet still rideable. The dissapointing thing about this show was that there were only 30 people. The response of the crowd wasn't that great because the average age was about 40! What I liked about this show was that this was our first show on video and to watch the playback of us riding was rad! This show was performed for a christmas dance at Koondoola Hall.

Fremantle was the location of our third show. It was performed on the docks of Fremantle as part of the FREMANTLE SPEED CLASSIC. We did 3 shows. The first one was practicly a warm up for us. The second one was better because we were more comfortable with the enviornment. The third show was the best because we had at least ONE THOUSAND people watching us. At the beginning of the second show, Georg had a major crash. What actually happened was Georg was doing a framestand and he slipped resulting with the handlebars in his stomach. He managed to finish the show with no difficulty, but after that he could not go on.

BRAD DYER KEEPING THE CROWD HAPPY ▼

In the third show Todd Treibler took over Georg's place. What I want to know is how in the hell did Todd pull off that DECADE? My feet were practicly glued to the pedals. I wanted to cheer up Georg after the crash. A smooth and precise execution of tricks paid off for me.

The next show on the list was for the GIRRA-DOOLA FAIR at Hainsworth Reserve, Girrawheen. The surface we were riding on was rough but we managed to do our best. "THESE ROCKS AN' SAND ARE PISSING ME OFF!" GEORG.

The first show was boring. I felt like I wasn't doing my job. The second show was alright until the stupid @##*#&! started to hustle us out. A confrontation resolved but at the end everything turned out o.k. I pulled off a NO-FOOTED STICKER TOSS ROLLBACK. That was the highlight of my routine. The show could have been better if ther was more crowd enthuthaiasm. "LETS GET OUT OF HERE!" SHAUN.

Special thanks to LEW,TODD,GEORG,SHAUN and especially ANDY for the video of us.
